TASKI® View Quick

No-Rinse, Non-Dulling General Purpose Cleaner

A concentrated, general purpose cleaner containing a blend of nonionic and anionic surfactants for effective cleaning. Taski® View Quick Cleaner will remove all types of soil from hard surfaces and effectively cleans floors without harming the floor finish.

Key Properties

- **Versatile and Convenient to Use**
Multi-purpose, for use on floors, walls, tables, and any washable surface. Can be used with a mop and bucket, with an automatic scrubber, or a spray bottle
- **Economical**
Concentrated liquid, dilutable with water depending on the type of soil to be cleaned
- **Free Rinsing**
No need to rinse, even when applying finish on a freshly mopped floor. Just mop, pick up the dirt, let dry and apply the finish. Saves you time and labor
- **Non-Dulling**
Effectively removes dirt and soils without leaving residues that can dull the shine. So it leaves the surface sparkling clean
- **Pleasant Fragrance**
It leaves surface clean and smelling fresh

Designed For

- Recommended for use on quarry, porcelain, and glazed ceramic tile. It is not recommended for use on polished or unpolished marble, or terrazzo with marble chips. If product gets on aluminum, remove promptly with a clean, wet towel

General Usage

For normal cleaning, dilute Taski View Quick Cleaner at 1:40 with water. For light cleaning and when using Taski View Quick Cleaner with an automatic scrubber, dilute at 1:60 with water.

Apply to surfaces to be cleaned. Pick up dirt and let dry.

No rinsing is necessary.

Note: When cleaning floors, dilute cleaner with cool water to avoid damaging the floor finish.
