

TASKI Complete ProX

Long-lasting Floor Finish

Description

A non-buffable finish containing exclusive Diversey polymers, resin and metal interlocks to provide maximum durability and resistance to detergent scrubbing, black heel marks, scuffs and dirt embedment.

Benefits

• High Gloss

Exclusive Diversey polymers and resin were specially formulated to deliver a hard, clear, durable and glossy film. TASKI Complete ProX is used as the standard for gloss in the evaluation of non-buffable finishes. It delivers performance unmatched by any competitive brand in the market

• Highly Durable

Its unique blend of polymers and resins produce an extra tough film to withstand traffic longer. It offers excellent resistance to black heel marks, scuffing and soil embedment. Dirt and soils remain on top for easier maintenance

• Non-Buffable

Provides extra convenience. Just apply and let dry. No buffing required. TASKI Complete ProX means carefree maintenance you simply sweep and mop the floor for daily maintenance

• Economical to use

Reduce the time and labor cost you spend on maintenance. You save more by reducing the frequency of stripping and refinishing. With better-protected floors, You can prolong the life of your floor investment.

Designed for

• All types of resilient floor, e.g., vinyl, vinyl asbestos, linoleum and masonry floor

Use instructions

1. Sweep the floor of loose dust and dirt.
2. Strip with TASKI Step-Off or TASKI Freedom.
3. Rinse thoroughly and let dry.
4. Apply a full uniform coat of TASKI Complete ProX. Let dry for about 30 minutes.
5. Apply a second coat in the same manner and let dry.
6. Apply additional coats, if necessary.

For Maintenance

1. To maintain, sweep the floor to remove dust and dirt.
2. To remove stubborn dirt, damp mop with Diversey Forward diluted 1:60 with water. Spray buff to eliminate scratches and black heel marks.
3. If floor no longer responds to spray buffing, machine scrub with Diversey Forward diluted at 60 with water.
4. Rinse thoroughly and let dry completely.
5. Recoat with TASKI Complete ProX.
6. If the floor no longer responds to intermediate maintenance methods, strip completely and refinish. Follow Steps 1 to 6.
