TASKI® Emerel

Multi - Surface Creme' Cleanser

A mild abrasive formula for removing stubborn spots, build ups, scuffs, grease, rubber marks and soap scum from common restroom surfaces. Its mild acidic formula makes it especially ideal for removing hard water deposits & stains from sinks, tile and fixtures.

Key Properties

- Product stays where you put it to increase cleaning effectiveness
- Provides controlled sudsing so it rinses freely for a clean, bright surface
- Contains a clean, fresh scent to make proper use by employees easier

Designed For

- Recommended as a cleaner in hospitals, nursing homes, schools, manufacturing plants, motels, and institutions with difficult to clean areas
- Only use in surfaces not harmed by mild abrasives

General Usage

Clean the floor using neutral solution and rinse it sufficiently with water and vacuum it to dry.

Shake the product well before use.

Spread about 7 to 10 ml product uniformly per sqm. Treat not more than 2 sqm at one time. Distribute product in circular motions with a single disc machine equipped with a soft white pad. Continue buffing for minimum 8 minutes. for every sqm; ensuring product is maintained moist throughout 8 minutes, sprinkle water as require.

Dust, sweep or vacuum the area and surrounding areas, then rinse the floor thoroughly with a 1% neutral cleaner solution to remove grit and pad residue.

After the floor dries completely, dry buff with a single disc machine, 200–1500 rpm, fitted with a soft white pad, preferably with 1500 rpm.
